

## CREAM LEMON

WM 0715799

Order number: 0715799

Version 6.0

Revision Date 23.09.2026

Print Date 24.09.2026

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier

Trade name : CREAM LEMON  
UFI : G2E7-S0GD-Q007-U93Q

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Use of the Substance/Mixture : Cleaning agent  
  
Restricted to professional users.

#### 1.3 Details of the supplier of the safety data sheet

Company : Tana Chemie GmbH  
Rheinallee 96  
55120 Mainz  
Telephone : +49613196403  
Telefax : +4961319642526  
E-mail address : Produktsicherheit@werner-mertz.com  
Responsible/issuing person  
Contact person : Product development / product safety

#### 1.4 Emergency telephone

EU: 112

### SECTION 2: Hazards identification

#### 2.1 Classification of the substance or mixture

##### Classification (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

#### 2.2 Label elements

##### Labeling (REGULATION (EC) No 1272/2008)

No hazard pictogram, no signal word, no hazard statement(s), no precautionary statement(s) required.

##### Additional Labeling:

Safety data sheet available on request.  
EUH210 Safety data sheet available on request.

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

## CREAM LEMON

WM 0715799

Order number: 0715799

Version 6.0

Revision Date 23.09.2026

Print Date 24.09.2026

The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

### SECTION 3: Composition/information on ingredients

#### 3.2 Mixtures

##### Components

| Chemical name          | CAS-No.<br>EC-No.<br>Index-No.<br>Registration number | Classification                                    | Concentration<br>(% w/w) |
|------------------------|-------------------------------------------------------|---------------------------------------------------|--------------------------|
| Amide polyglycol ether | 85536-23-8<br>932-164-2<br>01-2119565130-50           | Skin Irrit. 2; H315<br>Aquatic Chronic 3;<br>H412 | >= 1 - < 2,5             |

### SECTION 4: First aid measures

#### 4.1 Description of first-aid measures

- General advice : No hazards which require special first aid measures.
- If inhaled : Move to fresh air in case of accidental inhalation of dust or fumes from overheating or combustion.  
If symptoms persist, call a physician.
- In case of skin contact : Take off contaminated clothing and shoes immediately.  
Wash off with soap and plenty of water.
- In case of eye contact : Protect unharmed eye.  
If easy to do, remove contact lens, if worn.  
Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.
- If swallowed : Clean mouth with water and drink afterwards plenty of water.  
Do not give milk or alcoholic beverages.  
Never give anything by mouth to an unconscious person.

#### 4.2 Most important symptoms and effects, both acute and delayed

- Symptoms : No information available.
- Risks : No information available.

#### 4.3 Indication of any immediate medical attention and special treatment needed

- Treatment : For specialist advice physicians should contact the Poisons Information Service.

### SECTION 5: Firefighting measures

#### 5.1 Extinguishing media

- Suitable extinguishing media : Use extinguishing measures that are appropriate to local

## CREAM LEMON

WM 0715799

Order number: 0715799

Version 6.0

Revision Date 23.09.2026

Print Date 24.09.2026

circumstances and the surrounding environment.

### 5.2 Special hazards arising from the substance or mixture

Specific hazards during fire fighting : Do not allow run-off from fire fighting to enter drains or water courses.

Hazardous combustion products : No hazardous combustion products are known

### 5.3 Advice for firefighters

Special protective equipment for fire-fighters : In the event of fire, wear self-contained breathing apparatus.

Further information : Collect contaminated fire extinguishing water separately. This must not be discharged into drains.  
Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

---

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions : Use personal protective equipment.

### 6.2 Environmental precautions

Environmental precautions : Try to prevent the material from entering drains or water courses.

### 6.3 Methods and material for containment and cleaning up

Methods for cleaning up : Neutralize with acid.  
Sweep up and shovel.  
Wipe up with absorbent material (e.g. cloth, fleece).  
Keep in suitable, closed containers for disposal.

### 6.4 Reference to other sections

For personal protection see section 8., Treat recovered material as described in the section "Disposal considerations"., Refer to section 15 for specific national regulation.

---

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Advice on safe handling : For personal protection see section 8.  
No special handling advice required.

Advice on protection against fire and explosion : Normal measures for preventive fire protection.

Hygiene measures : Wash hands before breaks and at the end of workday.

### 7.2 Conditions for safe storage, including any incompatibilities

Requirements for storage areas and containers : Store in cool place. Store at room temperature in the original container. To maintain product quality, do not store in heat or direct sunlight.

## CREAM LEMON

WM 0715799

Order number: 0715799

Version 6.0

Revision Date 23.09.2026

Print Date 24.09.2026

Advice on common storage : No special restrictions on storage with other products.

Further information on storage stability : No decomposition if stored and applied as directed.  
Protect from frost, heat and sunlight.

### 7.3 Specific end use(s)

Specific use(s) : Cleaning agent

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

Contains no substances with occupational exposure limit values.

**Derived No Effect Level (DNEL) according to Regulation (EC) No. 1907/2006:**

| Substance name                                                                                                                    | End Use   | Routes of exposure | Potential health effects   | Value          |
|-----------------------------------------------------------------------------------------------------------------------------------|-----------|--------------------|----------------------------|----------------|
| Amide polyglycol ether,<br>Reaction mass of<br>Amides, rape-oil, N-<br>(hydroxyethyl),<br>ethoxylated and<br>Glycerol,ethoxylated | Workers   | Skin contact       | Acute systemic effects     | 40 mg/kg       |
|                                                                                                                                   | Consumers | Skin contact       | Acute systemic effects     | 20 mg/kg       |
|                                                                                                                                   | Consumers | Ingestion          | Acute systemic effects     | 20 mg/kg       |
|                                                                                                                                   | Consumers | Skin contact       | Long-term systemic effects | 0,25 mg/kg     |
|                                                                                                                                   | Consumers | Ingestion          | Long-term systemic effects | 0,25 mg/kg     |
|                                                                                                                                   | Workers   | Inhalation         | Long-term systemic effects | 7,05 mg/m3     |
|                                                                                                                                   | Workers   | Skin contact       | Long-term systemic effects | 2 mg/kg bw/day |
|                                                                                                                                   | Consumers | Inhalation         | Long-term systemic effects | 1,74 mg/m3     |
|                                                                                                                                   | Consumers | Skin contact       | Long-term systemic effects | 1 mg/kg bw/day |
|                                                                                                                                   | Consumers | Oral               | Long-term systemic effects | 1 mg/kg bw/day |

**Predicted No Effect Concentration (PNEC) according to Regulation (EC) No. 1907/2006:**

| Substance name | Environmental Compartment | Value |
|----------------|---------------------------|-------|
|----------------|---------------------------|-------|

Print Date 24.09.2026

|                                                                                                                   |                      |                              |
|-------------------------------------------------------------------------------------------------------------------|----------------------|------------------------------|
| Amide polyglycol ether, Reaction mass of Amides, rape-oil, N-(hydroxyethyl), ethoxylated and Glycerol,ethoxylated | Fresh water          | 0,0022 mg/l                  |
|                                                                                                                   | Sea water            | 0,00022 mg/l                 |
|                                                                                                                   | STP                  | 10 mg/l                      |
|                                                                                                                   | Fresh water sediment | 7,395 mg/kg                  |
|                                                                                                                   | Sea sediment         | 0,741 mg/kg                  |
|                                                                                                                   | Soil                 | 1,47 mg/kg dry weight (d.w.) |

### 8.2 Exposure controls

#### Personal protective equipment

Eye/face protection : not required under normal use

Hand protection

Material : not required under normal use

Material : For prolonged or repeated contact use protective gloves.

It is suggested the usage of chemical resistant gloves made of butyl rubber or nitrile rubber category III according to EN 374.

As alternative, a different type of gloves might be used if, accordingly to the recommendations of the producer, guarantee the same level of protection.

Remarks : Take note of the information given by the producer concerning permeability and break through times, and of special workplace conditions (mechanical strain, duration of contact).

Skin and body protection : not required under normal use

Respiratory protection : not required under normal use

### SECTION 9: Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

|                                        |                                        |
|----------------------------------------|----------------------------------------|
| Physical state                         | : liquid                               |
| Color                                  | : white                                |
| Odor                                   | : fruity                               |
| Melting point/freezing point           | : No data available                    |
| Boiling point/boiling range            | : No information available.            |
| Flammability (solid, gas)              | : No data available                    |
| Flammability (liquids)                 | : No data available                    |
| Lower explosion limit                  | : No data available                    |
| Upper explosion limit                  | : No data available                    |
| Flash point                            | : does not flash                       |
| Ignition temperature                   | : No data available                    |
| Decomposition temperature              | : No data available                    |
| pH                                     | : ca. 10,2, 100 %<br>at 20 °C          |
| Viscosity, dynamic                     | : ca. 19.000 mPa.s at 20 °C            |
| Viscosity, kinematic                   | : No data available                    |
| Water solubility                       | : dispersible                          |
| Solubility in other solvents           | : No data available                    |
| Partition coefficient: n-octanol/water | : No data available                    |
| Vapor pressure                         | : No data available                    |
| Density                                | : ca. 1,320 g/cm <sup>3</sup> at 20 °C |
| Relative density                       | : No data available                    |
| Relative vapor density                 | : No data available                    |
| Particle characteristics               | : No data available                    |

#### 9.2 Other information

none

### SECTION 10: Stability and reactivity

#### 10.1 Reactivity

Stable under recommended storage conditions.  
No dangerous reaction known under conditions of normal use.

## CREAM LEMON

WM 0715799

Order number: 0715799

Version 6.0

Revision Date 23.09.2026

### 10.2 Chemical stability

No decomposition if stored and applied as directed.

### 10.3 Possibility of hazardous reactions

Hazardous reactions : No hazards to be specially mentioned.

### 10.4 Conditions to avoid

Conditions to avoid : Protect from frost, heat and sunlight.

### 10.5 Incompatible materials

Materials to avoid : No data available

### 10.6 Hazardous decomposition products

No hazardous decomposition products are known.

No hazardous decomposition products are known.

## SECTION 11: Toxicological information

### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Our company is strongly against animal testing.

Our company does not place any orders for animal testing for the finished product or the ingredients.

However, as a result of EU legislation (REACH Regulation), the manufacturers of ingredients or EU importers are obliged to test ingredients with regard to their effects on human health and the environment before they are brought onto the market. Some of the tests made necessary by this took place decades ago.

#### Acute toxicity

Not classified due to lack of data.

Acute toxicity : Not Rated

#### Components:

##### Amide polyglycol ether

###### 85536-23-8:

Acute oral toxicity : LD50 Oral (Rat): > 2.000 mg/kg

Acute dermal toxicity : LD50 Dermal (Rat): > 2.000 mg/kg

#### Skin corrosion/irritation

Not classified due to lack of data.

#### Product:

Remarks : According to the classification criteria of the European Union, the product is not considered as being a skin irritant.

#### Components:

##### Amide polyglycol ether

###### 85536-23-8:

Species : Rabbit

Result : Skin irritation

### Serious eye damage/eye irritation

Not classified due to lack of data.

#### Product:

Remarks : According to the classification criteria of the European Union, the product is not considered as being an eye irritant.

#### Components:

##### Amide polyglycol ether

###### 85536-23-8:

Species : Rabbit  
Result : No eye irritation

### Respiratory or skin sensitization

#### Skin sensitization

Not classified due to lack of data.

#### Respiratory sensitization

Not classified due to lack of data.

#### Product:

Remarks : No data available

#### Components:

##### Amide polyglycol ether

###### 85536-23-8:

Species : Guinea pig  
Result : Does not cause skin sensitization.

### Germ cell mutagenicity

Not classified due to lack of data.

Germ cell mutagenicity : Not Rated

#### Components:

##### Amide polyglycol ether

###### 85536-23-8:

Genotoxicity in vitro : Test Type: Ames test  
Method: OECD Test Guideline 471  
Result: negative  
  
Test Type: Chromosome aberration test in vitro  
Method: OECD Test Guideline 473  
Result: negative  
  
Test Type: Micronucleus test  
Method: Mutagenicity (micronucleus test)  
Result: negative

### Carcinogenicity

Not classified due to lack of data.

### SECTION 12: Ecological information

#### 12.1 Toxicity

##### Components:

Amide polyglycol ether, Reaction mass of Amides, rape-oil, N-(hydroxyethyl), ethoxylated and Glycerol,ethoxylated

##### 85536-23-8:

|                                                                        |   |                                                                                                                                                                                    |
|------------------------------------------------------------------------|---|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Toxicity to fish                                                       | : | LC50 (Fish): 2,9 mg/l<br>Exposure time: 96 h<br>Method: OECD Test Guideline 203                                                                                                    |
| Toxicity to daphnia and other aquatic invertebrates                    | : | EC50 (Daphnia): 3,8 mg/l<br>Exposure time: 48 h<br>Method: OECD Test Guideline 202                                                                                                 |
| Toxicity to algae/aquatic plants                                       | : | EC50 : 410 mg/l<br>Exposure time: 72 h<br>Method: OECD Test Guideline 201<br>Remarks: Fresh water<br><br>NOEC : 4,9 mg/l<br>Exposure time: 72 h<br>Method: OECD Test Guideline 201 |
| Toxicity to daphnia and other aquatic invertebrates (Chronic toxicity) | : | NOEC: 0,4 mg/l<br>Exposure time: 21 d<br>Species: Daphnia magna (Water flea)<br>Test Type: Reproduction Test<br>Method: OECD Test Guideline 211                                    |

#### 12.2 Persistence and degradability

##### Components:

Amide polyglycol ether, Reaction mass of Amides, rape-oil, N-(hydroxyethyl), ethoxylated and Glycerol,ethoxylated

##### 85536-23-8:

|                  |   |                               |
|------------------|---|-------------------------------|
| Biodegradability | : | Result: rapidly biodegradable |
|------------------|---|-------------------------------|

#### 12.3 Bioaccumulative potential

##### Components:

Amide polyglycol ether, Reaction mass of Amides, rape-oil, N-(hydroxyethyl), ethoxylated and Glycerol,ethoxylated

##### 85536-23-8:

|                                        |   |            |
|----------------------------------------|---|------------|
| Partition coefficient: n-octanol/water | : | log Pow: 5 |
|----------------------------------------|---|------------|

#### 12.4 Mobility in soil

No data available

#### 12.5 Results of PBT and vPvB assessment

##### Product:

|            |   |                                                                                                                                                                                                    |
|------------|---|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Assessment | : | This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher. |
|------------|---|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## CREAM LEMON

Print Date 24.09.2026

### 12.6 Endocrine disrupting properties

**Product:**

Assessment : The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

### 12.7 Other adverse effects

**Product:**

Additional ecological information : There is no data available for this product.

---

## SECTION 13: Disposal considerations

### 13.1 Waste treatment methods

Product : In accordance with local and national regulations.

Contaminated packaging : Empty remaining contents.  
Empty containers should be taken to an approved waste handling site for recycling or disposal.

Waste Code : European Waste Catalog  
20 01 29\*  
According to the European Waste Catalog, Waste Codes are not product specific, but application specific. Waste codes should be assigned by the user, preferably in discussion with the waste disposal authorities.

---

## SECTION 14: Transport information

### 14.1 UN number or ID number

**ADR**

Not dangerous goods

**RID**

Not dangerous goods

**IMDG**

Not dangerous goods

**IATA**

Not dangerous goods

### 14.2 UN proper shipping name

Not regulated as a dangerous good

### 14.3 Transport hazard class(es)

**ADR**

Not dangerous goods

**RID**

Not dangerous goods

**IMDG**

Not dangerous goods

**IATA**

Not dangerous goods

### 14.4 Packing group

### 14.5 Environmental hazards

**ADR**

Not dangerous goods

**RID**

Not dangerous goods

**IMDG**

Not regulated as a dangerous good

**IATA**

Not dangerous goods

### 14.6 Special precautions for user

Remarks : Not classified as dangerous in the meaning of transport regulations.

For personal protection see section 8.

### 14.7 Maritime transport in bulk according to IMO instruments

Not applicable for product as supplied.

## SECTION 15: Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

REACH - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles (Annex XVII) : 122-99-6  
78-70-6  
106-24-1  
See Annex XVII to Regulation (EC) no 1907/2006 for Conditions of restriction

Regulation (EC) No 649/2012 of the European Parliament and the Council concerning the export and import of dangerous chemicals : Not applicable

Seveso III: Directive 2012/18/EU of the European Parliament and of the Council on the control of major-accident hazards involving dangerous substances. : Not applicable

TA Luft List (Germany) : Total dust: Not applicable  
: Inorganic substances in powdered form: Not applicable  
: Inorganic substances in gaseous form: Not applicable  
: Carcinogenic substance: Not applicable  
: Quartz fine dust PM4: Not applicable  
: Formaldehyde: Not applicable  
: fibers: Not applicable  
: Germ cell mutagens: Not applicable  
: Substances toxic to reproduction: Not applicable  
: Poorly degradable, easily enrichable and highly toxic organic substances: Not applicable  
: Organic Substances: : portionClass 1: 1 %

Volatile organic compounds : Directive 2010/75/EU of 24 November 2010 on industrial and

(VOC) content

livestock rearing emissions (integrated pollution prevention and control)  
Update: Percent volatile: < 0,01 %

according to Detergents  
Regulation EC 648/2004

: <5% non-ionic surfactants, perfumes, PHENOXYETHANOL

### 15.2 Chemical Safety Assessment

There is no data available for this product.

### SECTION 16: Other information

#### Full text of H-Statements

H315 : Causes skin irritation.  
H412 : Harmful to aquatic life with long lasting effects.

#### Full text of other abbreviations

Aquatic Chronic : Long-term (chronic) aquatic hazard  
Skin Irrit. : Skin irritation
